Borg & Overström T3+ · Hot, Chilled & Sparkling Water Tap

NO **Kettle** NEEDED

HOT, CHILLED, SPARKLING & AMBIENT

Hot. Chilled. On tap.

From a cup of tea to a glass of sparkling water, the T3 gives four-way filtered water from one striking integrated tap, with energy-saving EcoMode.

Hot | Chilled | Sparkling | Ambient | Filtered

80L
Chilled water an hour (ProCore+)

98°C
Hot water for tea and coffee

31cm
Dispense height for tall bottles

HOW IT WORKS

Four drinks from one tap.

The T3 connects to your water supply. The ProCore® unit under the counter filters, chills and heats it, so there is nothing to swap, store or boil.

1

Touch

Pick hot, chilled, sparkling or ambient on the antimicrobial touch panel.

2

Fill

A 310 mm dispense height takes mugs, water bottles and carafes.

3

Refresh

Up to 80 litres an hour at 2°C with ProCore+, and hot water up to 98°C.

INSIDE THE TAP

What it's doing for every glass

ProCore® system. A compact, energy-efficient modular unit sits out of sight under the counter.

DryChill® cooling. Airless, rapid chilling that reduces the risk of contamination.

DeepSparkle®. Sparkling water with a long-lasting fizz.

EcoBoil hot water. An intelligent, energy-efficient hot water system.

Totality® filtration. Reduces sediment, odours, chlorine and microplastics for clean, crisp water.

Antimicrobial touch panel. Silver ion protection and a durable plated finish.

Why it beats a kettle and bottled water

	T3+	KETTLE & BOTTLES
Hot water	**Up to 98°C, instantly**	Wait for the kettle to boil
Cold water	**Chilled and sparkling on tap**	Bottles in the fridge
Supply	**Straight from the mains**	Runs out until the next delivery
Energy	**EcoMode saves power when quiet**	Reboiling a full kettle
Environment	**No plastic bottles**	Ongoing plastic and deliveries

INTEGRATED OR MONOFIT

One tap for every drink.

Fit the T3 into the worktop, or choose the MonoFit® easy-fit base for quick installation and retrofitting. SIMSecure® connectivity is available for smarter servicing.

Black finish | Steel finish | MonoFit® base | UV-C option

WHERE IT WORKS BEST

Offices
Tea, coffee and cold water from one tap.

Tea points
Replaces the kettle and the water cooler.

Breakout areas
Hot drinks and refills in seconds.

Receptions
A premium touch for visitors.

ADD-ONS

Make it your own

MonoFit® easy-fit base
10 mm raised profile and a single service hole for minimal worktop cutting.

DeepSparkle® CO2 refills
Keep sparkling models topped up. Empty cylinders go in standard steel recycling.

Bluetooth® alarmed waste kit
Sounds an alarm at a high water level and switches the control panel off.

Viovandt® UV-C LED
Optional, chemical-free UV purification that reduces bacteria and viruses.

Available in black or steel, as chilled, ambient & hot, or chilled, sparkling, ambient & hot.
