FOUNTAIN

PROFESSIONAL HIGH OUTPUT COOLER

Big. Cold. Fast.

A professional floor standing cooler for large numbers of people, dispensing big volumes of chilled and room temperature water instantly.

- Up to 180 L an hour
- Ice bank cooling
- WRAS approved
- Stainless or grey
- Sparkling option

180L
Chilled water an hour, up to

30cm
Dispense height for jugs

4
Outputs to choose from

HOW IT WORKS

Built for big demand.

Niagara connects to your mains supply and uses a large ice bank to keep chilled water ready, even at the busiest times.

1

Choose

Pick chilled or room temperature water from the control panel.

2

Fill

A 30 cm dispense area takes bottles, jugs and carafes.

3

Keep going

Up to 180 litres an hour, with up to 100 litres on continuous draw.

INSIDE THE NIAGARA

What it's doing for every glass

Ice bank cooling. A high capacity ice bank delivers large volumes of chilled water.

Stainless steel build. Sturdy, robust construction by Cosmetal.

Certified. WRAS approved, with ACS certification on floor standing models.

Anti-flooding valve. Built-in protection against leaks.

Room for accessories. The floor standing cabinet houses the dispenser parts and accessories.

Upgradable. Electronic controls, sparkling water and touch-free retrofit kits available.

Pick your output

	CHILLED OUTPUT	SIZE (W × D × H)
Niagara 55	**55 L an hour, 12 L continuous**	360 × 360 × 1480 mm
Niagara 65	**65 L an hour, 40 L continuous**	480 × 405 × 1480 mm
Niagara 120	**120 L an hour, 70 L continuous**	480 × 405 × 1480 mm
Niagara 180	**180 L an hour, 100 L continuous**	480 × 405 × 1480 mm
Finishes	**C6 stainless steel, C8 grey**	Sparkling models are 560 mm deep

FOR HIGH DEMAND SITES

Water for everyone, all day long.

Niagara is made for places where lots of people need water at once. It never runs dry and keeps the chilled water coming through shift changes and breaks.

Bottles | Jugs | Glasses | Carafes

WHERE IT WORKS BEST

Factories
Keeps big teams hydrated across shifts.

Canteens
Handles break-time queues.

Schools
Water for whole year groups.

Gyms & leisure
Fast refills for busy users.

ADD-ONS

Configure your Niagara

Touch-free retrofit kit
Converts dispensing to touch-free for extra hygiene.

Sparkling version
Add chilled sparkling water. Needs a CO2 cylinder and regulator.

Filtration & water block
Filter system, water block and no-shock kit for a safe installation.

Electronic controls
Electronic control panel available at extra cost.

C6 is the stainless steel finish and C8 is grey. Ask us which output suits your site.
