Ezytap AC800

Ambient and chilled variant of the Ezytap family. Features a new and modern tap design that matches the Ezytap Ts 24cm dispense height. The AC800 is truly unique, a refreshing twist on the established Ezytap platform. When ordered, the AC800 comes with the tap and UC800M undersink chiller as standard. The updated touch panel control system gives your customers an easy to use dispensing system that they're guaranteed to love.

- New tap design, keeping the enhanced dispense height (24cm)
- 11.5ltrs/h of chilled water
- Touch screen control panel
- Comes with compact UC800M undersink chiller
- Two compatible drip tray options

Accessories

Installation Rail & Filter

Includes compression fitting, 1-micron green filter, water block, copper pressure reducing valve & non-return valve.

Nanofilter

A high tech filter candle which removes bacteria and other contaminates from mains water. Compatible with our re-usable filter housing.

Ezytray 2

Circular stainless steel, integrated drip tray. Specifically designed for the Ezytaps, it features a grill and mains waste drainage.

Ezytray 3

Rectangular stainless steel, integrated drip tray. Specifically designed for the Ezytaps, it features a grill and mains waste drainage. Recommended for the Ezytap AC800 model.

Model Name	Dispense Height	Tap Dimensions HxWxD mm	Chiller Dimensions HxWxD mm
EZYTAP AC800	24cm	222 x 42 x 160	260 x 290 x 400
