PREMIUM COFFEE TO GO

Touch. Brew. Savour.

The Franke A300 on a Benny Beans ECO cabinet. Fresh-milk speciality coffee from a compact machine, with a built-in menu board and cups to hand.

- Bean to cup
- Fresh milk
- Coffee to go
- 8" touch screen
- Recycled cabinet

124
Espressos an hour

8"
Touch screen menu

70%
Recycled plastic in the cabinet

HOW IT WORKS

Café-quality coffee, self-serve.

Everything is in one spot: cups on the front of the cabinet, drinks on the touch screen, and a menu board so customers know what is on offer.

1

Grab a cup

Cups sit ready in the dispensers on the front of the cabinet.

2

Touch

Pick a drink on the 8 inch interactive touch screen.

3

Savour

Freshly ground beans and real milk foam, then lid it and go.

INSIDE THE MACHINE

What it's doing for every cup

Ceramic grinder. Durable ceramic discs grind fresh beans for every cup.

Per-drink temperature. A heating cartridge sets the right heat for coffee, tea or chocolate.

Automatic descaling. A built-in system takes care of limescale.

Fresh milk. FoamMaster or a milk pump for hot milk and adjustable foam.

Milk kept cold. A compact 3 litre milk fridge sits beside the machine.

EasyClean. Automatic cleaning, just add the cleaning fluid.

Why it beats a kettle and a jar of instant

	CONNOISSEUR STATION	KETTLE AND INSTANT
In the cup	**Freshly ground beans and real milk foam**	Instant granules and UHT
Choice	**A full café menu at a touch**	Whatever is in the cupboard
To go	**Cups, lids and a menu board in one place**	Hunt for a clean mug
Impression	**A branded coffee point customers notice**	A kettle in the corner
Tidiness	**Waste chute and cupboard built in**	Spills, spoons and milk cartons

WHAT YOU CAN SERVE

Up to 100 specialities.

Coffee with or without milk and milk foam, plus chocolate and hot water for tea. A second grinder adds decaf or a second roast.

Espresso · **Americano** · **Cappuccino** · Latte · Flat white · Macchiato · Mocha · Hot chocolate · Decaf · Tea

THE BENNY BEANS ECO CABINET

70% recycled plastic

30% used coffee grounds

900 mm wide, 2000 mm tall and 620 mm deep, with an 870 mm counter.

Built-in menu board

Shows customers the drinks on offer, beside the machine.

Cup dispensers

Three cup dispensers on the front of the cabinet.

Waste chute and cupboard

A chute for rubbish, with storage behind the doors.

WHERE IT WORKS BEST

Convenience stores

Sell premium coffee to go.

Offices

Café-quality coffee for the team.

Receptions

A smart, branded welcome.

Hotels

Self-serve coffee for guests.

Tank or mains. A 4.8 litre water tank, or connect to mains water.

Bean hoppers. Up to 1.1 kg, lockable, with the hopper extension.

Add-ons. Second grinder, powder dosing and a payment system.
